# Dometic Refreshment Centers

## First choice for more than 80 years

### DM 50 Drawer

- Unique and distinctive sliding drawer style
- Designed with decor panel and handle or with hotel's furniture
- High-performance thermo-electric technology
- Low energy consumption
- ISO 9001/14001 certified CFC and HCFC free

Dometic DM 50 Refreshment Center – the design friendly refrigeration solution for your hotel. Dometic refreshment centers have been installed in countless hotel rooms around the world. And there are many good reasons why. More than 80 years of experience in refrigeration technologies is just one. Driven by a high-performance cooling system the DM 50 refreshment center provides reliable cooling in a creative drawer solution. Powerful in operation it is amazingly economical in terms of energy consumption – a significant cost factor for hotels. The Dometic DM 50 drawer refreshment center is an attractive investment that pays back.

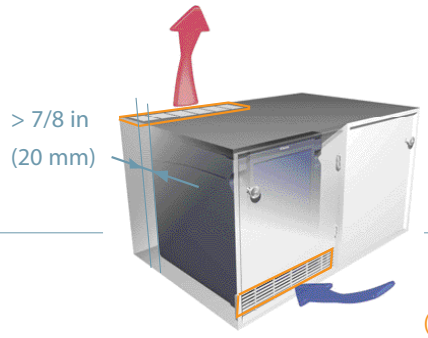
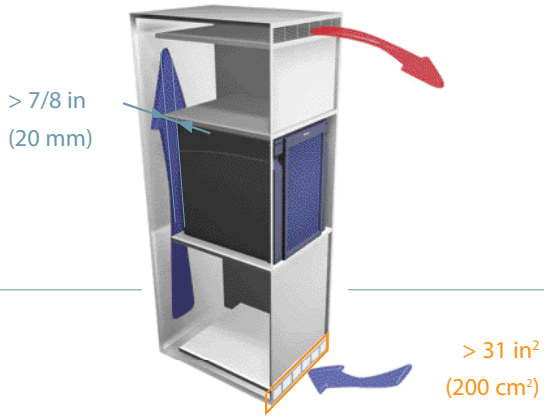
| Dimensions [ H x W x D in ] | 16.45 x 21.65 x 20 [with panel ]<br>16.45 x 21.65 x 18.9 [ built-in ] |
| Cooling technology | Thermo-electric |

Options: Door lock, drawer front with handle.

## Installation tip



A ventilation grill integrated in the furniture door ensures sufficient ventilation. Both refreshment center and furniture door can be attached via a sliding hinge which opens furniture and refreshment center door simultaneously.



Sufficient ventilation can be accomplished even in taller furniture. For proper cooling, the air needs to flow freely around the cooling unit and exit unrestricted at the top.

Dometic

**Dometic** is a customer-driven, world-leading provider of leisure products for the RV, automotive, truck and marine markets. We supply the industry and aftermarket with a complete range of air conditioners, refrigerators, awnings, cookers, sanitation systems, lighting, mobile power equipment, comfort and safety solutions, windows, doors and other equipment that make life more comfortable away from home.
