## ■ TEC 40D – Diesel generator

### Strong and Quiet

Developed for larger commercial vehicles and big motorhomes, this diesel generator is ideal for every professional applications. Easy to install (the silencer is integrated inside the generator), with a perfect supersoundproof and a low consumption, the TEC40D is the perfect partner for your business.

The modern inverter technology assures a perfect sinus wave, protecting your equipments from eventual shorting and prevents power surges with connected devices.

The Dometic generators, thanks to their great reliability, are used also by special agencies as National Fire Departments, Civil Protection, etc.

- Continuous output: 3.500 Watt (230V/50 Hz)
- Hatz Engine 1 B30 V
- Stainless steel front door
- Super soundproof (only 64 dB at 7 mt)
- Compact and lighth, only 96.5 kg
- Easy to be fitted (integrated silencer)
- Two units can be switched in parallel (inverter technology)

### Technical data

DESCRIZIONE	VALORE
VOLTAGE SUPPLIED	V 230 ± 10%
MAX CONTINUOUS POWER	W 3500 ± 5%
FREQUENCY	Hz 50 ± 1%
DIRECT CURRENT POWER	12V / 10A
THD	1%
CONSUMPTION	190/200 g/HPh
WEIGHT	96.5 Kg
SOUND POWER LEVEL (from 7m)	64 dB(A)
