

## Clean air – fast installation

Clean air on board and no need to fit a roof ventilator – thanks to CK 400, the innovative cooker hood by Dometic. Its powerful two-speed fan [70 or 125 m<sup>3</sup>/h] quickly extracts cooking fumes and smells and discharges them on the outside. The 12-volt motor is integrated in the roof dome. The built-in halogen lamps come in very handy when cooking.

### Dometic CK 400

Cooker hood with 2-speed fan

3.36

<b>Voltage</b>	12 volts DC
<b>Capacity</b>	70/125 m <sup>3</sup> /h
<b>Power consumption</b>	30 watts
<b>Quality features</b>	2-speed fan, washable metal grease filter, halogen lights [2 x 20 watts], 12 volts, 2-level lighting, robust plastic roof dome
<b>Dimensions [W x H x D]</b>	399 x 45 x 277 mm
<b>Cut-out for installation [Ø]</b>	110 mm
<b>Roof dome [H x Ø]</b>	64 x 200 mm
<b>Test mark</b>	CE

12 volts DC

Washable metal grease filter

2-speed fan

Two integrated halogen lights

Robust plastic roof dome

## Innovative air recirculation cooker hood

**Forget about cooking fumes, heat build-up, condensation and installation hassle!** Dometic CK2000 is the world's first motorhome cooker hood to use the principle of air recirculation, so there's no need to install a roof ventilator. Cooking fumes are drawn upwards along the centre line of the unit, then the cleaned air is returned via the sides to the front. This creates an air-dome that stops fumes escaping and ensures a good suction performance [50 m<sup>3</sup>/h]. Moreover, the patent-pending appliance is extremely efficient at a power consumption of only 5 watts. The Dometic CK2000 comes with a washable grease filter, an easy-to-exchange activated carbon filter and two integrated work lamps for extra comfort and convenience.

### Dometic CK 2000

Air recirculation cooker hood with exchangeable activated carbon filter

3.36

<b>Voltage</b>	12 volts DC
<b>Capacity</b>	50 m <sup>3</sup> /h
<b>Power consumption</b>	5 watts
<b>Quality features</b>	Two integrated halogen lights [2 x 10 watts, GU4], 2-level lighting, washable metal grease filter, exchangeable activated carbon filter, two-speed fan
<b>Dimensions [W x H x D]</b>	400 x 56 x 280 mm
<b>Weight</b>	2.2 kg
<b>Test mark</b>	CE

12 volts DC

Fast and simple installation, no need to lay ventilation hoses!

Washable metal grease filter, easy-to-exchange carbon filter

Easy access to grease filter and carbon filter

Two-speed fan, two integrated halogen lights

Low weight of only 2.2 kg

Product	Ref. No.
Dometic CK 2000	921140902

Two integrated halogen lights

Exchangeable activated carbon filter

Washable metal grease filter
