3.31

Features & functions

- › Handy, battery-powered vacuum cleaner for mobile use in cars, motorhomes, caravans, boats and home
- › Maximum mobility with rechargeable 12-volt battery
- › Can be recharged from 12 and 230 volts
- › Easy-to-clean dust container and fabric filter
- › Cleaning power: 400 mm water column

Motor	12 volts DC, 28,000 rpm
Battery	12 volts DC, 2.6 Ah
Operating time	approx. 18 min ± 10%
Charging time	10 to 14 h (automatic cut-off)
Capacity	3.8 litres
Power consumption	approx. 90 watts
Cleaning power	approx. 400 mm water column (± 10%)
Operating temperature	0°C to +40°C
Material	Handle: ABS Filter: polyester Dust container: PP
Dimensions (W x H x D)	270 x 320 x 198 mm
Weight	2150 g

Scope of delivery: vacuum cleaner, hose, attachments for upholstery, rugs and narrow gaps, carrying strap, mains adapter, 12-volt charging cable, operating instructions

Product	Ref. No.
PowerVac PV 100	PV-100

Battery-operated wet-and-dry vacuum cleaner

The handy vacuum cleaner comes complete with integrated battery – no need for an external power supply. And it's strong enough to get rid of the most ground-in dirt. Even liquids are no problem for the combined wet-and-dry cleaner. It doesn't require much room for storage, either: small and compact, the handy gadget slots in to the storage compartment of your boat, the boot of your car or the storeroom at home.

Perfect cleaning performance!

The WAECO PowerVac battery gives you 18 minutes of uninterrupted operation. Then it's time to connect it to the mains for recharging. Using the connection that is part of the set, recharging takes between 10 and 14 hours. The process is electronically controlled and completed to prevent overcharging. The vacuum cleaner comes with a 3.8 litre dust container and reusable fabric filter, both of which are simply taken off for emptying and cleaning.

A clean solution, perfect down to the last detail

Suitable for both wet and dry vacuum cleaning

Brush attachment for door mats, rugs and upholstery

Easy cleaning thanks to detachable dust container and fabric filter

Extendible crevice nozzle for narrow gaps

Dometic CV 2004
Central vacuum cleaning system

3.31

- Concealed installation**
- Inconspicuous vacuum hose socket**
- Automatic switch-on when the hose is inserted**
- Triple-filter system**
- Comprehensive accessories included**
- Suitable for allergy sufferers thanks to HEPA filter system**

Powerful, compact and concealed

The central vacuum cleaning system from Dometic is barely the size of a shoebox. And can be so perfectly integrated into unused storage spaces that only a small “socket” remains visible. The unit switches on automatically when the vacuum hose is inserted into this opening. When the hose is pulled out after the work is done, it switches off and the flap over the socket closes by itself (spring mechanism).

Cleanliness and hygiene on board

The flexible 12-metre hose of the CV 2004 reaches into the farthest corners, and a variety of brushes and nozzles remove the dirt from even the smallest gaps. The innovative triple-filter system and the powerful motor also ensure that the exhaust air is cleaned efficiently.

Invisible on the outside: the vacuum cleaner is kept in a storage compartment.

When the vacuum hose is connected, the vacuum cleaner starts automatically.

Changing the vacuum cleaning bag: as easy as a vacuum cleaner at home

Series standard: comprehensive accessories for every (suction) situation
