

New skylight concept – fresh air and freedom!

Dometic SEITZ has developed a whole new concept: a comfort skylight for motorhome cockpits and caravans that can be adapted to almost any shape of roof. A key design characteristic of SkyView is the fact that it is custom-made for vehicle manufacturers – in any size and shape that is required! More natural light, better ventilation, perfect comfort: experience the new feeling of fresh air and freedom.

- Total flexibility: can be integrated into every motorhome in any size and shape
- Safe locking, easy operation with crank or electric control
- Inner frame with single-pleated or double-pleated Duette honeycomb blind
- Additional elements such as lighting can be integrated into the frame
