Ice Cube Crushed-Ice System

Produce Up to 250 Lbs. of Ice a Day

■ Keep your catch fresh all day.

EI250D-115 shown

The Ice Cube - A Smaller Crushed-Ice System

Dometic Eskimo Ice is available in a smaller version—the Ice Cube—for boats with less space or less demand for daily ice output. Cube-shaped, with a footprint of only 16" x 16" (413mm x 413mm), the Ice Cube makes up to 250 lbs. (113 kg) of crushed ice per day. Ice is generated within minutes after starting the unit, and makes more than 10 lbs. (4.5 kg) of ice per hour under optimal operating conditions.

The Ice Cube is a self-contained unit and easy to install. The ice it produces can be pumped through insulated hose lengths up to 15' (4.5m), to nearly any desired location onboard, such as a fish box or cooler.

Operation of the Ice Cube is easy with its Smart Logic Digital Displays. A full menu of sensors and status lights monitor gas pressure, auger motor, compressor, water level, ice level, and ice clogs, and will shut off the system if problems are detected. But the system automatically resets and restarts for certain key faults.

Key Benefits

- Small footprint—16" x 16" (413mm x 413mm).
- Available in 50Hz and 60Hz models.
- Up to two remotely mounted digital displays/user interface panels.
- Photo-electric ice-level sensor.
- Start-time delay.
- Water filter included.
- Pre-charged system.
- Sensors monitor all system functions.
- Manual reset to restart system after lock-out.
- Improved fresh-water float switch.
- Ventilated cover panels are removable for servicing from virtually any side of the unit.

Technical Specifications for Ice Cube

Model	EI250D-115	EI250D-220V/50
Capacity per day (lbs/kg)	250/113 ⁽¹⁾	
Capacity per hour (lbs/kg)	>10.42/>4.73 ⁽¹⁾	
Voltage	115	220
Frequency	60Hz	50Hz
Full Load Amps (FLA) Cool	9.68	4.50
Locked Rotor Amps (LRA)	40.00	14.80
Refrigerant	R-134A	
Water consumption, gallons per day	30 @ 250 lbs	
Water consumption, liters per day	113.56 @ 113.4	
Dimensions		
Height (in/cm)	16.25/41.3	
Width (in/cm)	16.25/41.3	
Length (in/cm)	16.25/41.3	
Connections		
Sea water (in/type)	5/8"/hose barb	
Fresh water (in/type)	1/4"/SAE	
Weight		
Net weight (lbs/kg)	82.0/37.2	
Shipping weight (lbs/kg)	97.0/43.9	

Notes:

⁽¹⁾ Under optimal conditions.

The Ice Cube basic kit includes:

- Ice Cube ice-making system.
- (1) Smart Logic digital display.
- Water filter.
- 15' (4.5m) of ice-delivery hose and insulation.
