Qty

- If recess size is specified the blind will be made X minus 10mm[3/8"] and Y minus 5mm[1/4"].
- Installation height required for cord operated blinds. EN13120 Standards demand the distance from the floor to the bottom of the pull cord(s) shall be at least 1500mm [59 1/16"], and a cord collection device (cleat) is fitted at or above this height. We can only supply blinds meeting these conditions unless the above question has been answered No.
- Cord Loop is supplied with a cord tidy child safety device as standard, please select colour.
- Installation height less cord length must be greater than 1500mm [59 1/16"].
- Please fill in a Powered Accessories Custom Order Form.
- A selection of simple shapes are available, please contact manufacturer for more details.

Internal use only	Customised
