INTRODUCTION

This document describes the installation of two expanded polypropylene (EPP) foam plates in Blizzard AC Units. The purpose of the foam plates is to allow proper drainage. Dometic Corporation reserves the right to modify product appearances and specifications without notice.

SAFETY INSTRUCTIONS AND DOCUMENT SYMBOLS

This manual has safety information and instructions to help you eliminate or reduce the risk of accidents and injuries.

A. Recognize Safety Information

This is the safety alert symbol. It is used to alert you to potential physical injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.

B. Understand Signal Words

A signal word will identify safety messages and property damage messages, and will indicate the degree or level of hazard seriousness.

**WARNING** indicates a hazardous situation that, if NOT avoided, could result in death or serious injury.

**CAUTION** indicates a hazardous situation that, if NOT avoided, could result in minor or moderate injury.

**NOTICE** is used to address practices NOT related to physical injury.

Indicates additional information that is not related to physical injury.

C. Supplemental Directives

Read and follow all safety information and instructions to avoid possible injury or death. Read and understand these instructions before [installation / use / service / maintenance] of this product.

Incorrect [installation / operation / service / maintenance] of this product can lead to serious injury. The installation MUST comply with all applicable local or national codes, including the latest edition of the following standards:

**U.S.A.**

- ANSI/NFPA70, National Electrical Code (NEC)
- ANSI/NFPA 1192, Recreational Vehicles Code

**CANADA**

- CSA C22.1, Parts I & II, Canadian Electrical Code
- CSA Z240 RV Series, Recreational Vehicles

D. General Safety Messages

**WARNING** Failure to obey the following warnings could result in death or serious injury:

- This product MUST be [installed / serviced] by a qualified service technician.
- ELECTRICAL SHOCK HAZARD. Disconnect 120 Vac power from product. Failure to obey this warning could result in death or serious injury.
GENERAL INFORMATION

BASIC COMPONENTS

| 41-03-396PF12 Left EPP Plate | 41-03-396PF13 Right EPP Plate |

INCLUDED HARDWARE

| (2) 49-TN-M4010A1B Washer | (2) 3310229.000 #8-18 x 3/4 Screw |

REQUIRED TOOLS

| #3 Phillips Bit or Robertson Bit Screwdriver | Standard Phillips Screwdriver |

INSTALLATION

A. Installing The EPP Foam Plates

**STEP 1**

- Lift off the plastic shroud after using a #3 Phillips bit or Robertson bit to remove the nine screws.

**STEP 2**

- Remove the EPP cover.

**STEP 3**

- Place the EPP foam plates on the appropriate side of the evaporator and fasten in place using the provided washer and screw. Each foam plate is structured to only fit on one side of the evaporator.

**FIG. 1**

For earlier versions of the Blizzard basepan, remove the moulded nub for easier installation of the EPP Plates. See FIG 2.
Reverse steps 1 and 2 to reattach the covers to the AC unit.
