## LOCATION & WINDOW ID

Window Info
Location
_____
Window ID
_____
Quantity Required
_____

To avoid confusion, Dometic number blinds using the following method to identify the **Location** (number) of the windows (see below). The naming below can also be used for the **Window ID**. A photograph of the window recess submitted with the order is also helpful to ensure correct design and operation of the blind.

Also enter the **Quantity Required** if you need a number of identical blinds. If you need different options use different sections.

**WARNING:** Powered blinds should NOT be used in front of, or below Emergency Exits.

## DIMENSION TYPE – WIDTH & DROP

Dimension (1, 2 & 3)
Fabric Width (X)
_____ mm
Fabric Drop (Y)
_____ mm
Overall Blind Width (X)
_____ mm
Overall Blind Drop (Y)
_____ mm

1. Please provide either fabric and overall measurement.
2. Width (X): Min 300mm (11<sup>7/8</sup>") – Max 1900mm (74<sup>7/8</sup>") depending on fabric.
3. Maximum drop (Y) depends on fabric thickness. See page 5 for fabric options.
