

PRODUCT INFO

DOMETIC OCEANAIR SKYVIEW

Skyview offers the functionality and tilt control of a venetian blind with the simplicity of a roller blind. The blind can be completely stowed out of sight onto a single roller. When deployed it ensures privacy and heat protection. The open tilt allows for perfect views and light control.

HYBRID VENETIAN AND ROLLER BLIND FOR WINDOWS

Capture stunning views with Dometic Skyview, a hybrid venetian and roller blind, with the best of each blended into one. Skyview can be controlled by either cord, chain or powered operation. It is supported with optional guide wires or side tracks to prevent swinging and is available in a variety of fabric colours. Make the most of those great views with luxury powered control options, and operate your blinds at the touch of a button. The Skyview features tilting horizontal vanes of soft polyester suspended between two sheer fabric facings. This combination allows soft light diffusion and privacy without spoiling the view.

BENEFITS WITH SKYVIEW

- Open tilt for perfect views
- Closed tilt for privacy and light control
- Powered operation available with 12 V DC, 24 V DC or mains motors
- Hand held remote, wall switch or integration into the control system
- Available with guide wire control or side tracks for more secure deployment
- Soft, subtle finish with a contemporary style
